1.	**Learning and Teaching**		Asking Mr Stewart about Library access and specifically also can the library be used for homework club?	Pupils were informed by Mr Stewart about issues with Librarian staff but we are hopeful that this can change in near future. Pupils are missing access to Library for quiet reading space and personal reading during English. Homework club requires a member of staff for pupil support, also there are not chrome books in the homework club which will add a barrier for pupils who use homework club to access IT which they might not have at home.
2.	**Happiness of the Child**		Taking a break from club investigating/ developing; Activity days Pupils enjoy activity days but are also conscious that if they occur too often, they will lose enjoyment of them, the example of social dancing during the last day of term before Christmas was an example of an activity that only happens once a year that was thoroughly enjoyed	the group noted that there is now a list of all clubs in the street for easy access. Pupils should continue to come up with activity day ideas at future meetings, this is of interest and importance.
3.	**Raising Attainment differentiation**		Satchel 1 – pupils are reporting issues with using this platform. Homework on google classroom- satchel 1; ensuring homework tasks are set as assignments- so that pupils get notifications about tasks that need to be completed.
